

**Carol-Ann Nonino – Committee Nominee as Group Coordinator**

Hi my name is Carol-Ann Nonino. I have been retired for 2 years enjoying life in Spain. I volunteer at the PEPA charity shops in Oliva and La Font and attend a few classes organised by the U3A.

I have only been a U3A member for a short time but have really enjoyed meeting so many friendly people and being part of this wonderful group who share their knowledge, skills and interests.

I spent most of my life in the Middle East where I worked in the Banking/Financial sector in Bahrain and then in Education for Weill Cornell Medical College in Qatar. My professional background included team member for onboarding, organising conferences, workshops, research etc. for medical doctors, students, professors and allied health staff

I would hope that with my professional background and experience I would be another added asset to the U3A committee.
